(11:45 am-12 pm warm-up in gym)  
1 pm                CLOSING PERFORMANCE

## Fri, Dec 7

5 pm      Mini-Nut DVD Viewing in Studio

### **TECH / SPACING REHEARSAL**

On the Monday before Thanksgiving, we begin spacing rehearsals at the Harpeth Hall Theater. While we work as efficiently as possible, these can be long evenings. Please make sure your child has dinner or a heavy snack before rehearsals. Food and drink are not allowed in the theater but they may eat in the lobby beforehand. To be good stewards of the space, all performers, faculty, and volunteers need to make sure we leave the space cleaner than we found it. Students should bring homework or a quiet activity to occupy their time while they are waiting to go onstage. Students may not leave until a faculty member dismisses them.

We will have a call sheet posted (location tba). Each student needs to initial by their name upon arrival so that we can quickly determine if someone is missing. Wed-Sun, students should go to the designated area in the lobby to be led down to the dressing room by the group leader at the appropriate time. Students may not be before call time.

### **PERFORMANCES**

We will send out more details about hair and make-up closer to the performance. Only parents who have volunteered to work backstage will be allowed to go back and assist with hair and make-up. If you would like to help your child with hair and make-up, please sign up to volunteer or assist them before their call time. It is helpful to have your child arrive at the theater with her hair done.

### **PHOTOS**

Please refrain from taking pictures backstage or of any rehearsals. Children are allowed to come into the lobby with their costumes on after each performance and fans will have a chance to take photos of them in their costumes then. Friends of Metro Dance also hires a professional photographer and videographer for the performances and parents may purchase photos and a DVD from them.
